Agile

Epic Link: 5.0 Admin Module

Description

Preconditions:

- User and valid password
- Users exist in the system

Test steps:

1. Enter the application <https://opensource-demo.orangehrmlive.com/web/index.php/admin/viewSystemUsers> ;
2. Select the "Admin" module from the left corner of the application;
3. Select from the top left "User management";
4. Press "users";
5. Go to System Users and enter information in the Status field and press "Search" green button from the right side;

Expected result:

Search by status is functional and users with disabled status appear.

Actual result:

The search for status disabled does not work.
