Agile

Epic Name: 5.0 Admin Module

Description

The Admin Module provides you with full control of all settings that affect the action of your OrangeHRM implementation.

Through the Admin Module, you can:

- Define the company hierarchy, pay grades, work shifts, projects, memberships, qualifications etc.
- Add other administrators, and set access levels for each user
- Handle security issues
- Configure email notifications
- Configure language localization and date format that will be reflected throughout the whole system.
- Enable/Disable Module display

The Admin Module is the central control of the system and setting it up accurately is important for smooth operation.

The Admin Module consists of:

Figure 1.1: Admin Module

User Management: Add multiple HR Admins who will control the system, create logins for general users through ESS Users.

Job: Allows the HR admin to define job titles, specifications, pay grades, employment status, job categories and work shifts.

Organization: Allows the HR admin to enter/store general company info, structure of the organization and locations of sites.

Qualifications: Define various skills set, education background, license types, languages and memberships.

Nationalities: Define different nationalities.

Configuration: Configure all email notifications, language localization and enable/disable module display.

Agile

Epic Link: 5.0 Admin Module

Description

This feature allows the HR Admin to administer users by creating logins and defining privileges by assigning User Types (Admin or ESS).

To add a system user, go to **Admin>> User Management>> Users** and click **"Add"**, a screen as shown in Figure 1.2 would appear.

Click **"Save"** once the fields are added.

***Note:** An employee list needs to be created first under the PIM Module to create user logins. Alternatively, a user login could be created when adding employees under the PIM Module (refer to Chapter 6.3.)

To create a user login the following needs to be entered:

- **User Role:** You can assign user roles for each user whether they would fall under as an "Admin" or "ESS" user type to define their user rights.

- **Admin:** have access full access to the system.

- **ESS:** limited access to the system. It could be an ESS-Supervisor or ESS-Employee.

1. ESS-Supervisor

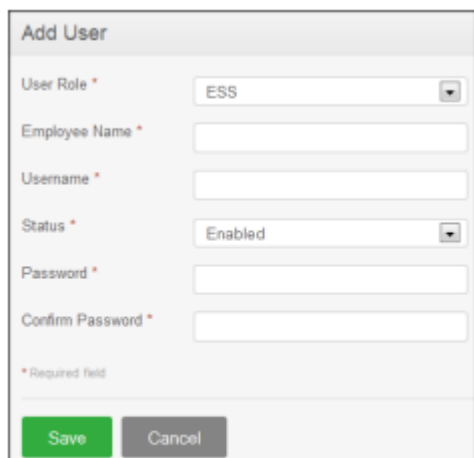

: where the user has access to his/her particulars and his/her subordinates' particulars.

1. ESS-Employee

: where the user has access only to his/her particulars.

- **Employee Name** *If an HR Admin is an existing employee, he/she needs to be defined in the PIM Module

- Username
- Status – Enabled or disabled
- Password
- Confirm Password (Re-enter the password)

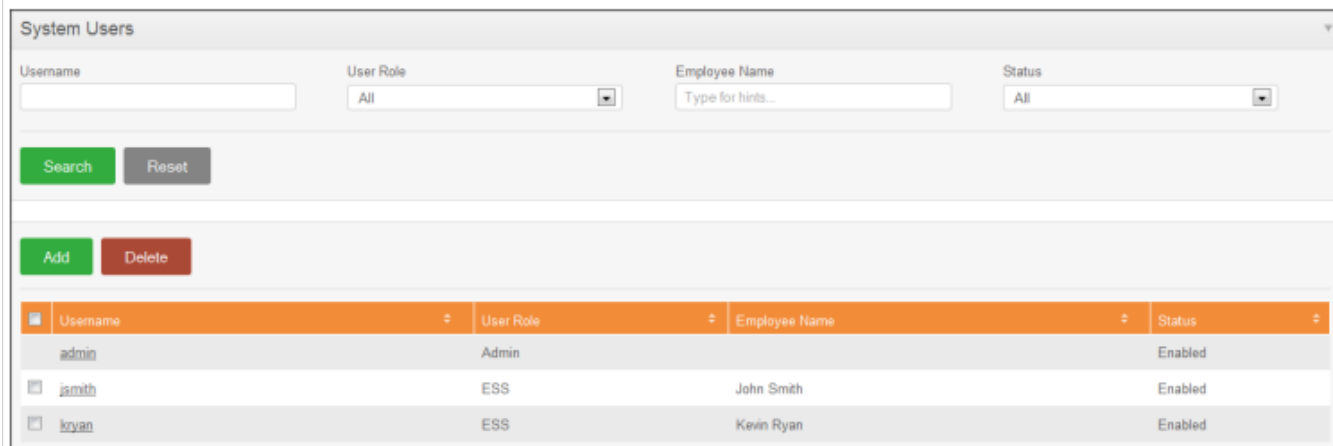

The 'Add User' form contains the following fields and controls:

- User Role ***: A dropdown menu with 'ESS' selected.
- Employee Name ***: A text input field.
- Username ***: A text input field.
- Status ***: A dropdown menu with 'Enabled' selected.
- Password ***: A text input field.
- Confirm Password ***: A text input field.
- A legend indicates that an asterisk (*) denotes a required field.
- At the bottom are 'Save' and 'Cancel' buttons.

Figure 1.2: Add User

A list of user logins as shown in Figure 1.3 would appear once an entry is added. You may also add multiple entries of user logins. The default system user available will be Admin and has full access to the system.

***Note:** System User Logins need to be communicated manually to employees.

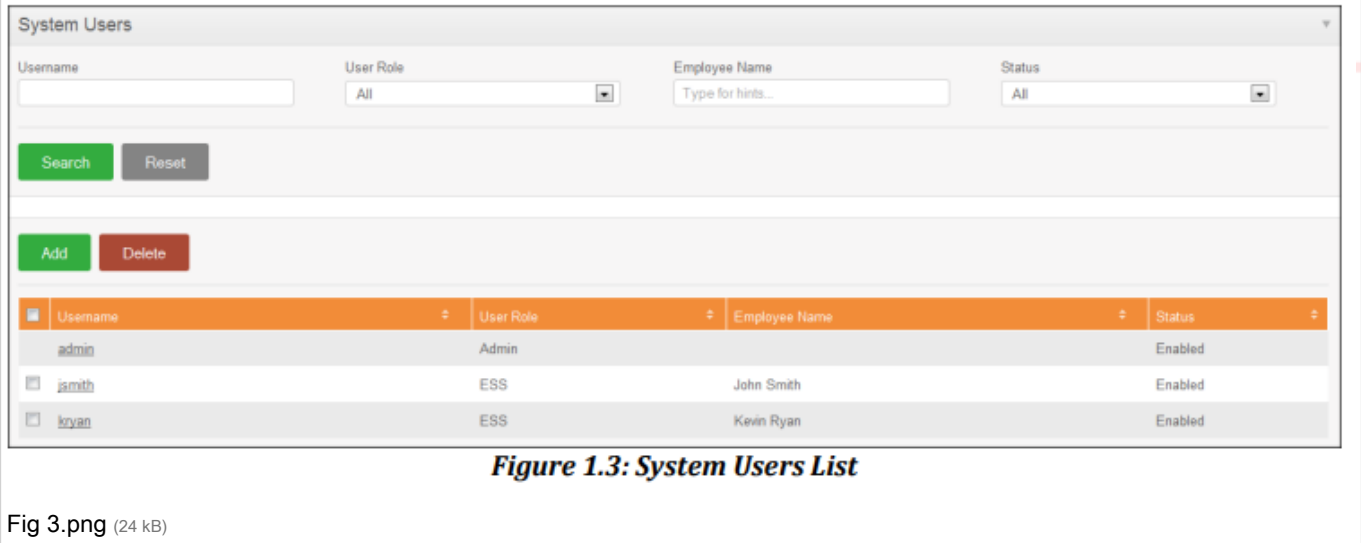

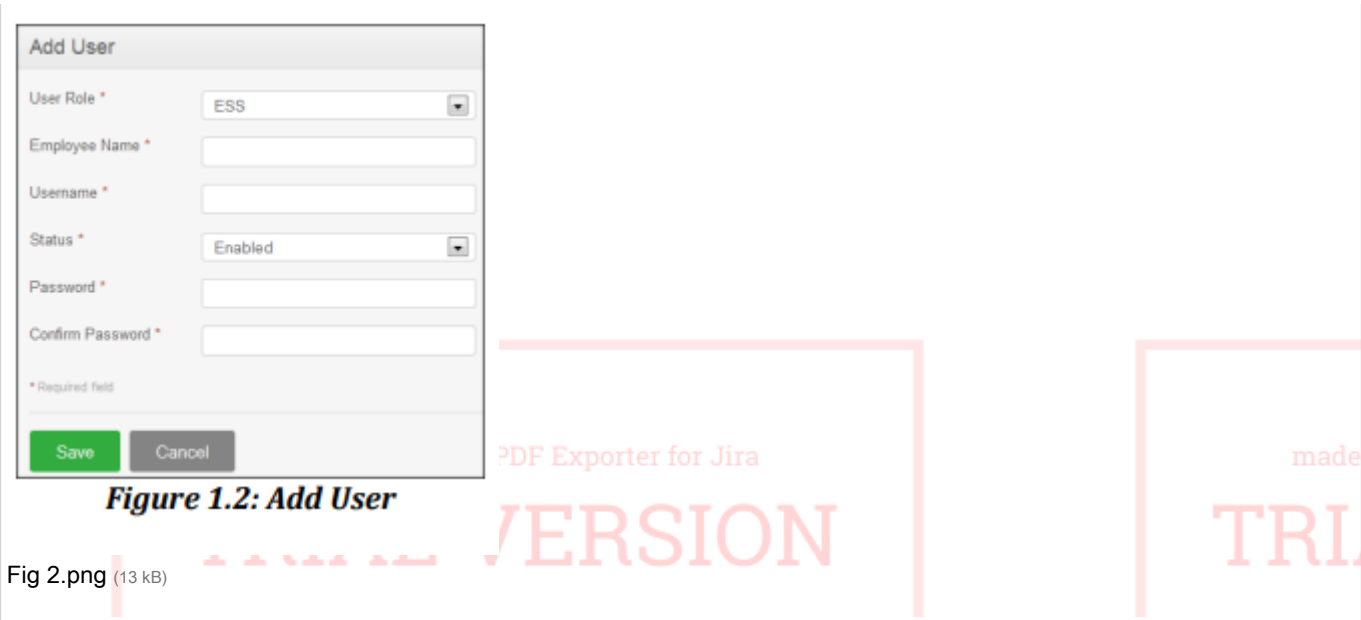

The 'System Users' interface includes a search bar at the top with filters for Username, User Role (set to 'All'), Employee Name (placeholder: 'Type for hints...'), and Status (set to 'All'). Below the search bar are 'Search' and 'Reset' buttons. Underneath are 'Add' and 'Delete' buttons. The main section is a table with the following data:

	Username	User Role	Employee Name	Status
<input type="checkbox"/>	admin	Admin		Enabled
<input type="checkbox"/>	jsmith	ESS	John Smith	Enabled
<input type="checkbox"/>	kryan	ESS	Kevin Ryan	Enabled

Figure 1.3: System Users List

To delete a system user, click on the check box next to the "Username". It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking "Delete".

Description

The HR Admin can define the pay grade by setting a minimum salary, maximum salary, step increase, and the currency to be paid in. To add an entry, go to Admin>>Job>> Pay Grades and click "Add" and a screen as shown in Figure 1.6 would appear. Click "Save" once the field is added.

Figure 1.6: Add Pay Grade

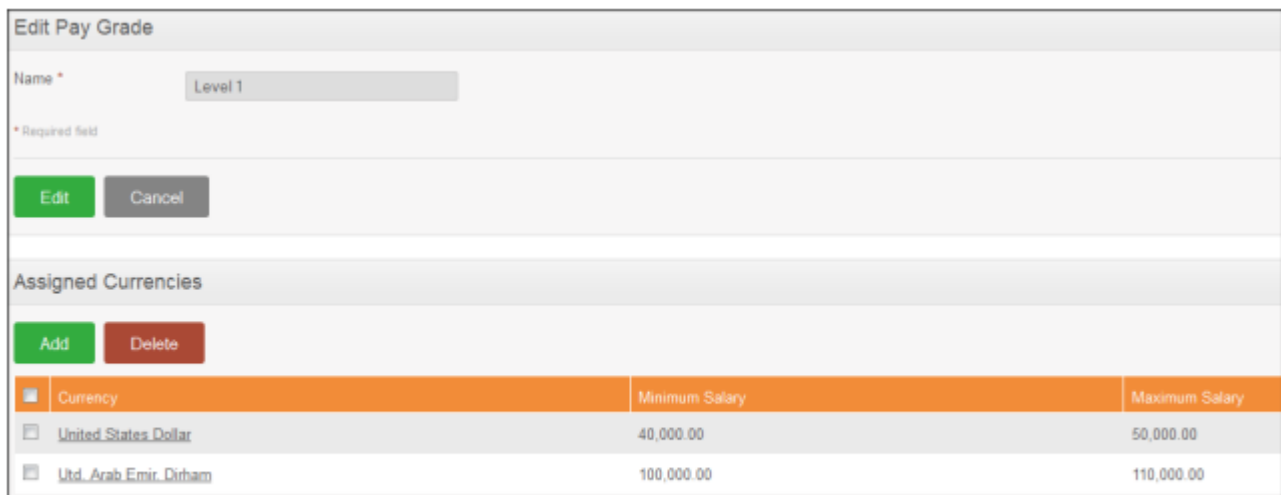

Once you click "Save" the screen in Figure 1.7 would appear and you can now define the currency and the minimum/maximum salary for each pay grade created. You can define the pay grade by clicking "Add" under "Assigned Currencies" and then providing the pay details under "Add Currency". Click "Save" to save the currency for the Pay Grade.

The screenshot shows the 'Edit Pay Grade' form. The 'Name' field is set to 'Level 3'. Below it are 'Edit' and 'Cancel' buttons. The 'Add Currency' section has three input fields: 'Currency' (set to 'USD - United States Dollar'), 'Minimum Salary' (set to '40000'), and 'Maximum Salary' (set to '50000'). There are 'Save' and 'Cancel' buttons at the bottom.

Figure 1.7: Assign Pay Grade

You can assign multiple currencies here and each currency defined will be listed as shown in Figure 1.8

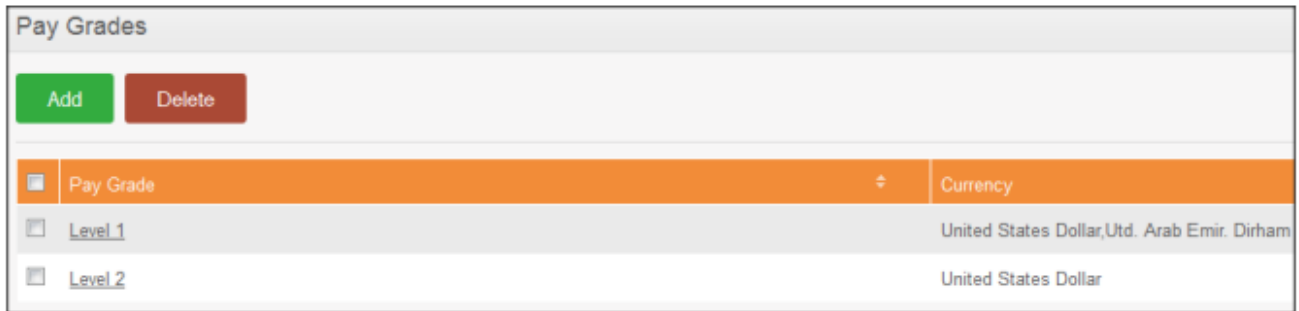

The screenshot shows the 'Edit Pay Grade' form with the 'Name' field set to 'Level 1'. Below it are 'Edit' and 'Cancel' buttons. The 'Assigned Currencies' section has 'Add' and 'Delete' buttons. Below these is a table with three columns: 'Currency', 'Minimum Salary', and 'Maximum Salary'.

Currency	Minimum Salary	Maximum Salary
United States Dollar	40,000.00	50,000.00
Utd_Arab_Emir_Dirham	100,000.00	110,000.00

Figure 1.8: Pay Grade- Currency List

You can edit details of a particular currency by clicking on the "Currency" name. All pay grades added will be listed as shown in figure in 1.9. To view Pay Grade details click on "Pay Grade name."

Epic Link: 5.0 Admin Module

Description

This feature allows the HR Admin to create job categories specific to the company to aggregate job classifications. To add an entry, go to Admin>> Job>> Job Categories and click on “Add” and a screen as shown in Figure 2.2 would appear.

Click “Save” once the field is added

Figure 2.2: Add Job Category

A list of Job Category as shown in Figure 2.3 would appear once a “Job Category” is added. To view Job Category details, click on “Job Category” name. You may also add multiple entries of Job Categories.

Figure 2.3: Job Category List

To delete a Job Category click on the check box next to the “Job Category” name. It is also possible to delete multiple entries at the same time by clicking the check box entries you wish to delete and simply clicking “Delete”.

Attachments

A screenshot of the 'Add Job Category' form. The form has a title bar 'Add Job Category'. Below it is a 'Name' field with a red asterisk indicating it is required. The text 'Director/CEO' is entered in the field. Below the field, there is a small text '* Required field'. At the bottom of the form are two buttons: a green 'Save' button and a grey 'Cancel' button.

Agile

Epic Link: 5.0 Admin Module

Description

In this feature the HR Admin can define work shifts for an individual or a group of employees. To add an entry, go to Admin>> Job>> Work Shifts and click "Add" and a screen as shown in Figure 2.4 would appear. Click "Save" once the fields are added. You may assign employees to the particular shift by selecting the employee's name from the "Available Employees" box and "Add" him/her to the "Assigned Employees" box.

*Note: An Employee list needs to be created first under the PIM Module before assigning employees to a particular work shift.

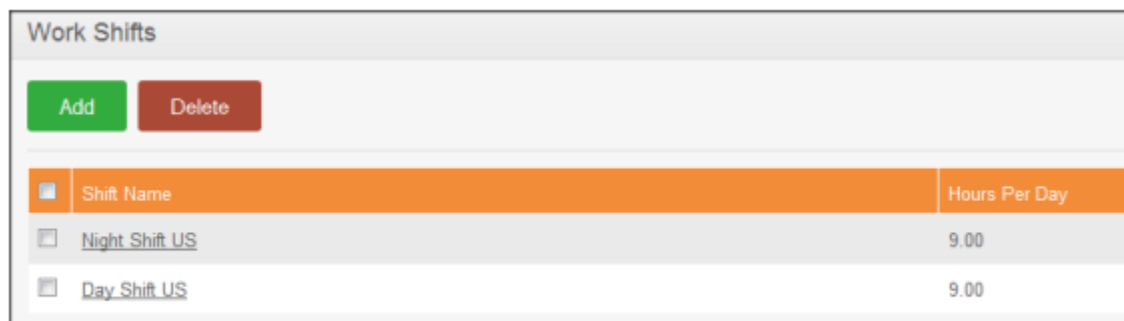

The 'Add Work Shift' form contains the following fields and elements:

- Shift Name ***: A text input field with the value 'Day Shift'.
- Hours Per Day ***: A text input field with the value '9'.
- Available Employees**: A list box containing the names: Peter Anderson, Jennifer Brown, Russel Hamilton, Kevin Mathews, Anthony Nolan, Ryan Parker, Harshani Silva, and Nick Silverstone.
- Assigned Employees**: A list box containing the name: Mark Boucher.
- Buttons**: 'Add >>' and 'Remove <<' buttons between the employee lists.
- Footer**: A legend for the asterisk (*) indicating a required field, and 'Save' and 'Cancel' buttons.

Figure 2.4: Add Work Shift

A list of work shifts as shown in Figure 2.5 would appear once a “Work Shift” is added. To view Work Shift details, click on “Work Shift” name. You may also add multiple entries of work shifts.

- Users exist in the system

Test steps:

1. Enter the application <https://opensource-demo.orangehrmlive.com/web/index.php/admin/viewSystemUsers> ;
2. Select the "Admin" module from the left corner of the application;
3. Select from the top left "User management";
4. Press "users";
5. Go to System Users and enter information in the Status field and press "Search" green button from the right side;

Expected result:

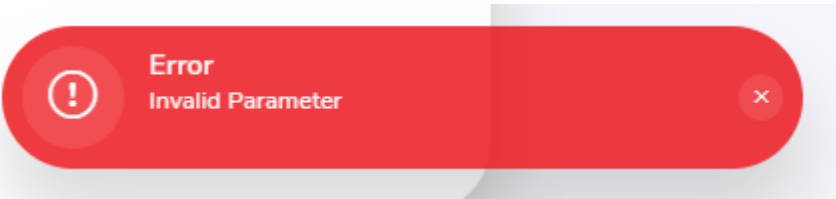

Search by status is functional and users with disabled status appear.

Actual result:

The search for status disabled does not work.

Agile

Epic Link: 5.0 Admin Module

Description

Preconditions:

1. User and valid password.
2. A job title must be defined in the PIM module.
3. The file with Job Description is loaded into the system.

Test steps:

1. Enter the application <https://opensource-demo.orangehrmlive.com/web/index.php/admin/viewSystemUsers> ;
2. Select the "Admin" module from the left corner of the application;
3. Select from the top left "Job".
4. Access "Job Titles".
5. Go to the list and choose a job title with specification file and open it by pressing the edit button.
6. Go to Job Specification field.
7. Check the box next to delete.
8. Press "Save".

Expected result:

Uploaded job description files can be deleted by the HR Admin.

Actual result:

The system sends an error message and the action cannot be completed and page still loading.

Agile

Epic Link: 5.0 Admin Module

Description

Preconditions:

- User and valid password.
- The list of employees was created.

Test Steps:

1. Enter the application; <https://opensource-demo.orangehrmlive.com/web/index.php/admin/viewSystemUsers>
2. Go to Admin.
3. Access Job >> Work shifts.
4. Press green button ADD.
5. Press "SAVE".

Expected result;

The Work Shift field is a mandatory field and this is evident in the app with "*" .

Actual result:

The Work Shift name is not obvious with * and appears as a required field after you hit save without filling in the field.

Agile

Epic Link: 5.0 Admin Module

Description

Preconditions:

1. User and valid password
2. A list with some Pay Grades was defined

Test steps:

1. Enter the application.
2. Select the "Admin" module from the left corner of the application.
3. Select from the top left "Job".
4. Access "Pay Grades".
5. Go to the list and choose a Pay grade Name without Currency and open it by pressing the edit button.
6. Go to the Currencies field.
7. Press the green ADD button next to currencies.
8. Click on Currency field.
9. Use the down arrow key on the keyboard to move the selection highlight to a currency in the Dropdown menu.
10. While scrolling choose a currency and press Save.

Expected result: HR Admin can add a currency for the Pay Grade by handling the keyboard navigation in the drop-down menu.

Actual result: The system sends us an error message and the HR Admin cannot save action .
