Agile	
Epic Link:	5.0 Admin Module

Description

Precondition:

User and valid password

An existing employee, he/she needs to be defined

Test steps:

1. Enter the application https://opensource-demo.orangehrmlive.com/web/index.php/admin/viewSystemUsers ;
2. Select the "Admin" module from the left corner of the application ;
3. Select from the top left "User management,, ;
4. Press "users" ;
5. Select the green button "Add" from the left side ;
6. Assign the ESS-Employee role from the "User Role" field ;

Expected result:

"ESS-Employee" role should be available in the roles dropdown.

Actual result

This field doesn't exist and action can't be completed.
